Interesting facts about PUP40 ALTUS

WC partition walls made of sandwich elements with two powder-coated steel sheet or aluminium shells

- Room-high system, closed from floor to ceiling
- Separate private area for the users
- Maximum privacy guaranteed
- Consisting of 40 mm thick sandwich elements with two powder-coated, profile-free folded half shells made of steel sheet (PUP40), aluminium sheet (PUP-AL40) or stainless steel (PU-ES40)
- Interior profile frame completely filled with CFC-free polyurethane rigid foam
- Waterproof construction
- Suitable for wet and dry rooms
- Flush front
- Particularly easy to clean and hygienic
- Robust construction and long-lasting
- Wide range of decors and colours
- Colours are selected according to RAL colour chart
- System will be produced acc. to the building site dimension
- Made in Germany

Interesting facts about PUP40

WC partition walls made of sandwich elements with two powder-coated steel sheet or aluminium shells

- Consisting of 40 mm thick sandwich elements with two powder-coated, profile-free folded half shells made of steel sheet (PUP40), aluminium sheet (PUP-AL40) or stainless steel (PU-ES40)
- Interior profile frame completely filled with CFC-free polyurethane rigid foam
- With 150 mm foot clearance or without ground clearance available
- Waterproof construction
- Suitable for wet and dry rooms
- Flush front
- Particularly easy to clean and hygienic
- Robust construction and long-lasting
- Wide range of decors and colours
- Colours are selected according to RAL colour chart
- System will be produced acc. to the building site dimension
- Made in Germany

Privacy screens PUP40 ALTUS and PUP40

- Privacy screens are made of the same material as the WC partitions
- Fastening by means of wall brackets made of anodized aluminium
- Alternatively, privacy screens made of the following materials can be used:

(1)

Privacy screens made of glass

- Wall hanging construction
- Made of enamelled safety glass (ESG-H)
- Mounting by means of discreet aluminium or stainless steel brackets
- Hygienic and easy to clean
- Waterproof
- Easy floor cleaning due to the construction
- Colour selection according to RAL colour chart
- Motif prints optionally possible
- Privacy screens will be produced acc. to the building site dimension

(2)

Privacy screens type EF-3

- Wall-hanging privacy screens
- Made of 36 mm thick sandwich elements with HPL surface
- Easy to clean and maintain
- Installed with durable aluminium holders
- Reinigungsfreundlich und pflegeleicht
- Wide range of colours available
- Motif prints are optionally available
- Privacy screens will be produced acc. to the building site dimension

(3)

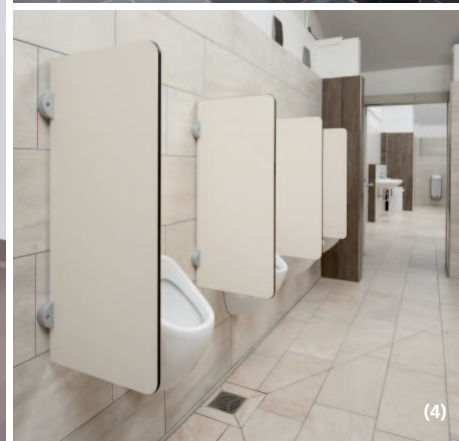

Privacy screens type SV30

- Wall-mounted privacy screens
- Made of 30 mm thick chipboard
- ABS strips and panels in the same colour
- Installed with durable aluminium holders
- Wall-mounted structures without bottom support feet are particularly hygienic, since floor cleaning can then be faster and more efficient
- Wide range of colours available
- Motif prints are optionally available
- Privacy screens will be produced acc. to the building site dimension

(4)

Privacy screens type VK13

- Wall-mounted privacy screens
- Made of 13 mm solid grade laminate
- Revolving edge is always black
- Installed with durable aluminium holders
- Waterproof
- Wall-mounted structures without bottom support feet are particularly hygienic, since floor cleaning can then be faster and more efficient
- Wide range of colours available
- Motif prints are optionally available
- Privacy screens will be produced acc. to the building site dimension

Features type PUP40 ALTUS and PUP40

Supports type PUP40:

- Stainless steel feet, infinitely height adjustable

Hinges for all types:

- Stainless steel hinge
- Optionally also with self-closing function
- Hinge lugs, recessed into the element, guarantee a permanent closure

Powder coating for all types:

- The elements are powder coated by stove enamelling with a polyester-epoxy resin and thus obtain a homogeneous colour finish which is characterized by a permanently beautiful surface
- The powder coating also in the rebate of the elements ensures a seamless transition
