Trennwandsysteme

Stylish and elegant partitioning.

BEFORE WE  
EXPECT TRUST FROM  
OUR CUSTOMERS,  
WE PROVIDE EVIDENCE  
*that's us!*

## ENVIRONMENT & SUSTAINABILITY *that's us!*

Sustainable management and careful use of resources are a matter of course for us and part of our corporate philosophy. This basic idea is consistently integrated and lived in our work processes. We are proud to be the first certified manufacturer of partition systems and lockers in Germany to operate according to the FSC™ and PEFC guidelines.

### PEFC - registered

We pay attention to a sustainable supply chain in which our products are procured under ecological, economic and socially just aspects.

### FSC™ - certified

As the first certified manufacturer in the area of partition systems and lockers in Germany, we make an active contribution to the protection of our earth with this future-oriented procurement method. We supply almost our entire range from sustainable wood in accordance with the specifications of the FSC™.

On request  
the products are  
available with  
FSC™ certification

## TÜV NORD TESTED WITH SAFETY *that's us!*

Type-tested and certified by TÜV NORD:  
These products meet the requirements of the  
Product Safety Act ProdSG § 21  
Registration No. 44 780 14148803.

## MADE IN GERMANY *that's us!*

Our products are manufactured for you at the company site in Horhausen, Rhineland-Palatinate. This is the only way we can guarantee the high quality standards we set for our products.

## PREQUALIFIED *that's us!*

We are registered in the list of prequalified construction companies with the number 010.049740, proving that we are qualified for the products and services we offer.

## INNOVATIVE & DESIGN-ORIENTED *that's us!*

With our design-oriented and innovative products, we convince not only our customers, but also national and international committees.

## Imaginative, hygienic and long-lasting.

VKW Vanity units leave nothing to be desired in terms of their design. Any colour, shape or fitting is possible, according to the customer's wishes. The materials used focus on easy cleaning, hygiene and high durability without compromising on the visual or design aspects. The result is exceptional solutions for sanitary areas that retain their attractive looks throughout their life.

(1)

### Interesting facts about VKW

#### Vanity unit made of 13 mm thick

#### HPL solid grade panels

- Waterproof, scratch-resistant and shock-proof
